## THE PROCESS

The Administrator, Mr Moremi explained the process that will unfold after the MOU was signed. Pending National Treasury approval process, the Department of Public Works and Roads NW will issue a tender for construction of phase 1 of the tar road project at a later date that will be announced. It is expected that construction of the much awaited tar road will bring job opportunities to residents, attract developers to invest in the community, and benefit local business owners and the transport sector to name a few, said Kgosi Ramokoka. The Administrator further promised to keep the communications lines open with Baphalane community through the Traditional Council on progress, until completion of the road construction.
